

Steven Deutsch is the Market Company President of the U-Haul Company of Nevada. He has been with U-Haul for over 12 years. He currently oversees the operations of the 130 dealers and 20 centers in his market company. Steven began his career with U-Haul as an assistant manager. Shortly after that he was promoted to General Manager of a U-Haul Moving and Storage location. He held that position until he was promoted to his current position in 2010. Along with overseeing the daily operations of the company in NV, Steven has continued to help in the growth of the company with acquiring and converting 7 new locations.

Prior to U-Haul Steven has been in Management his entire life. He did spend three years at UNLV working on a Computer Science Major. He has a life time of employee relations and customer service experience. He spent 9 years as a restaurant manager followed by 7 years managing a computer store. After that he knew he needed more. That is when he found U-Haul and the moving and storage business. Since then he has spent his time learning and understanding the do-it-yourself moving.

Steven has been a resident in Nevada for over 28 years. He has seen this city grow and enjoys aiding in that growth. He has a wife and three daughters. They are his pride and joy. During his down time he is an avid bowler (with 2 – perfect 300 games is his record) and a die-hard New York Yankees fan. He believes life is too short so do something you enjoy and do it well.
